

TURN IT ON, TURN IT UP!

sengled pulse

LED + BLUETOOTH JBL LOUDSPEAKER

- Wireless music playback
- Connect up to 8 loudspeakers
- Control brightness, volume and sound via the free app

Sengled Pulse is an energy-saving LED light with a 13 watt JBL Bluetooth loudspeaker. With only one click, you can control light and sound. Connect the master bulb to up to 7 satellite bulbs and get the full surround sound experience. Not only does the free app let you dim the light and set the volume, it also lets you adjust the sound with the help of an equalizer.

Technical data

Model number:	C01-BR30EUE27 / B22
Lamp base:	E27 / B22
LED power:	8 watts
Luminous flux:	600 lumen
Beam angle:	105 degrees
Colour temperature:	2700 kelvin - warm white
